## GDA Update for September

The GDA is nearly 10 years old, can you believe that! There have been many ups and downs in that period, this last month has been a reflection of those years. During August and September I have consulted with over 200 members and presented to over 12 community & business groups. The latter is enthusiastic and welcomed our disability awareness sessions.

From a member's point of view I am really feeling consultations fatigue and a real need for action. The AGM on Tuesday 3rd October will give members the chance to hear from our politicians and civil servants on the progress of the Disability & Inclusion Strategy and its work-streams (in the room or watching via Facebook live).

During the summer the Matter team of volunteers have worked tirelessly to build content and sponsorship to launch our new We All Matter Eh? Campaign 'Think Differently about Disability' and **#MakeAChange**. You can find out more about

the campaign and fundraising events [here](#).

With a gap in legislation we have decided to raise awareness of the number of disabled islanders & carers, the diversity of disabilities, and highlight our right to be fully included in the community. Eating out, shopping, working, travelling, playing sport, being educated, doing activities - you name it!

We have done this by providing tips and Change Cards, find out more by visiting [here](#) - and calling businesses and community groups to action asking them to **#MakeAChange**

There are 100's of hours of volunteers time in this campaign and we welcome input from members and groups as we request information and videos to build it further over the next few months, ending on International Day of Persons with Disabilities IDPwD 3rd December and our key fundraising day Friday 1st December. Karen

## Fundraising, Volunteers and Partnerships

Unfortunately we did not receive funding for the WAME member manager role which means Karen and volunteers are currently trying to fill these activities on a voluntary basis. We have started two new voluntary groups - Matter team and Friends of the GDA, but always welcome volunteers who are self-motivated and able to assist with a wide range of projects and tasks. We have started a number of partnerships that are also assisting us as we struggle with funding and resourcing. A huge thank you to Youth Commission & Wigwam re education, Create Architects & Access for All re the Access change cards. We will be reviewing what we can offer with limited resources this month and will report back with a GDA update.

## GDA Annual General Meeting

Our AGM will take place on Tuesday 3rd October in the Harry Bound Room, Les Cotils, 6:30pm for refreshments for a 6:45pm start. We will kick off with Elections, including our new Treasurer Elect Alan Bain. This will be followed by an update on our June meeting - GDA review. The main talk will feature updates on the UN Convention of the Rights of Persons with Disabilities and States Disability & Inclusion Strategy by: Deputies Michelle Le Clerc and Emilie Yerby; Employment, Social Security (ESS) followed by work stream updates by Ed Ashton and Legislation by Ellen Pragnell (Legislation lead). We will end with a Questions and Answers session. The AGM will be live streamed through Facebook so you can watch it at home. Book on Eventbrite [here](#).

This month's GDA meeting, newsletter and printing is kindly sponsored by Donate, Keeping It Local. Thank you.

## Disability Officer Update

If you are travelling off island take a look at DisabledGo Guernsey for factual information about accessibility at the [airport](#).

Are you thinking about a visit to Herm? Take a look at the [Herm Island Guide](#).

On 19th September 2017 the States of Guernsey and Access For All were invited to a seminar for the tourism industry. Our presentation was well received and provided an update on the Disability Discrimination Legislation Project and practical information and hints and tips to improve [accessibility](#) across a variety of venues in Guernsey.

The States of Guernsey has been working closely with a company called Business Disability Forum (BDF) to understand how disability smart the public services are. It is important that the States understands what is working well, and where improvements for disabled employees and customers can be made. To assist, BDF have written a number of reports with key recommendations and priority areas which will assist the States in becoming more disability smart.

If you would like an update on where we are with the Disability and Inclusion Strategy or to provide feedback about [www.signpost.gg](#) please contact Caroline who is happy to attend any of your meetings. Visit [here](#).

## Health & Social Care Transformation

GDA focus group on Health & Social Care in Guernsey.

The GDA invited members (individuals, groups and carers), Health and Social Care (HSC) staff, service users and the CareWatch team and other partners to join us for a focus group around the priorities in Health in relation to disability and carers. This took place on 12th September 2017.

Thank you to over 40 members, HSC staff and groups who attended the Health & Social Care workshop. We spent the session raising awareness to the HSC CareWatch team and Roger Allsop OBE as HSC board member of the positives, challenges and gaps in Healthcare for disabled islander and carers. The summary can be found on the GDA [blog](#).
