

**Guernsey
Disability
Alliance**

A message from

Baroness Tanni Grey-Thompson

Patron of the Guernsey Disability Alliance LBG

“I am totally inspired by the abilities and achievements of the Guernsey Disability Alliance.

However, in common with many third sector organisations, the GDA is facing funding issues and these couldn't come at a more challenging or frustrating time. Having suffered delays, there is now real momentum in the States of Guernsey's Disability and Inclusion Strategy and it's vital that disabled people, through the work of the Alliance, continue to be consulted and actively involved.

The GDA's representation of the needs and protection of the rights of so many islanders affected by disability is something Guernsey should be proud of, and working to preserve. I challenge the local community to get behind the GDA and to help its dedicated team to continue their vital work.”

Baroness Grey-Thompson DBE, DL
