Discrimination Legislation	
Project Lead:	ESS
Proposals accepted	Implementation

Current Status: 29 th August- 23 rd October 2020	Next Period: 24 th October- 18 th December 2020
<p>Implementation of Discrimination Legislation</p> <ul style="list-style-type: none"> The drafting of the legislation has been given high priority. A dedicated resource at St James’ Chambers has been allocated to this task and an initial meeting has been held between that person and Employment & Social Security officers to discuss the drafting and the timetable. There is currently a closed consultation underway (e.g. with Liberate, religious groups) on the exceptions to the Ordinance on the grounds of religious belief and sexual orientation. This was sent out at the end of September with a closing date in November. The Committee <i>for</i> Employment & Social Security approved the Employment and Discrimination Tribunal (Guernsey) Order, 2020 to come into effect on 1st November 2020. This gives the Tribunal the power to: <ul style="list-style-type: none"> dismiss a complaint or response, or part of either, where the complaint has no reasonable prospect of success or if it has no jurisdiction to consider, and strike out all or a part of a complaint or response if, among other reasons, the complaint or response is scandalous, vexatious or has no reasonable prospect of success. <p>Explain New Discrimination Legislation</p> <ul style="list-style-type: none"> This will involve developing a code of practice and also education and training. Early work is commencing on identifying what training is currently available and what is required. An update on the project’s progress and training on the Employment and Discrimination Tribunal (Guernsey) Order, 2020 was provided to Tribunal Panel members on 12th October 2020. 	<p>Implementation of Discrimination Legislation</p> <ul style="list-style-type: none"> Legal drafting to continue. Analyse religious belief and sexual orientation consultation responses and prepare Committee paper. <p>Explain new Discrimination Legislation</p> <ul style="list-style-type: none"> Finish identifying what training is currently available and what is required and develop specification for the latter.

Discrimination Legislation continuedCurrent Status: 29th August- 23rd October 2020Next Period: 24th October- 18th December 2020**Implementation of complaints handling**

- A draft policy letter has been prepared on a possible extension to the term of office of current Tribunal Panel members until the end of 2021. This will allow an open recruitment process and training to take place during 2021 for a new and extended panel to be in place in 2022 when the new Ordinance comes into force.

Key issues or risks

- There is a risk that it will be difficult to find a Project Manager with the necessary skills and experience.

Implementation of complaints handling

- Submit tribunal membership policy letter. Plan recruitment and training of expanded Tribunal Panel.
- Continue recruitment process for a Project Manager to oversee the work required to implement the States Resolutions of 17 July 2020.

Employment and Equal Opportunities Service: Expansion and IndependenceCurrent Status: 29th August- 23rd October 2020Next Period: 24th October- 18th December 2020**Make more independent**

- At the moment moving towards a more independent model has been given a lower priority than drafting the legislation, providing education, training and awareness raising, carrying out the prejudice and discrimination survey and ensuring that both the Employment & Equal Opportunities Service and the Tribunal are ready to handle complaints under the new discrimination Ordinance by 2022.

- Discussions with States Property Services so they are aware of the requirements of the service.
- Continue recruitment process for a Project Manager to manage the implementation of the Programme of work required to implement the States Resolutions of 17 July 2020
